Section I. Instructions to Bidders

A. General

- 1. Scope of Bid**
- 1.1 The General Supplies Department (GSD) and for the benefit of the MOEH issues these Bidding Documents for the supply of Goods and Related Services incidental thereto as specified in Section VI, Schedule of Requirements. The name and identification number of this Bid are **specified in the Bid Data Sheet (BDS)**. The name, identification, and number of lots are **provided in the BDS**.
- 1.2 Throughout these Bidding Documents:
- (a) The term “in writing” means communicated in written form (e.g. by mail, e-mail, fax) with proof of receipt;
- (b) If the context so requires, “singular” means “plural” and vice versa; and
- (c) “Day” means calendar day.
- 2. Source of Funds**
- 2.1 The Ministry of Education & Higher Education (MOEH) has received a grant of \$35M from the Governments of Germany, Finland, Ireland and Norway (**Joint Financing Partners, JFPs**) towards financing the implementation of the Education Development Strategic Plan (EDSP). The MOEH intends to apply a portion of the funds to eligible payments under the contract for which these Bidding Documents are issued.
- 3. Fraud and Corruption**
- 3.1 It is a policy to require that (GSD) s as well as bidders, suppliers, and contractors and their subcontractors observe the highest standard of ethics during the procurement and execution of such contracts. In pursuance of this policy, the (GSD):
- (a) defines, for the purposes of this provision, the terms set forth below as follows:
- (i) “corrupt practice” is the offering, giving, receiving or soliciting, directly or indirectly, of anything of value to influence improperly the actions of another party;
- (ii) “fraudulent practice” is any act or omission, including a misrepresentation, that knowingly or recklessly

misleads, or attempts to mislead, a party to obtain a financial or other benefit or to avoid an obligation;

- (iii) “collusive practice” is an arrangement between two or more parties designed to achieve an improper purpose, including to influence improperly the actions of another party;
 - (iv) “coercive practice” is impairing or harming, or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence improperly the actions of a party;
 - (v) “obstructive practice” is
 - (aa) deliberately destroying, falsifying, altering or concealing of evidence material to the investigation or making false statements to investigators in order to materially impede the MOEH investigation into allegations of a corrupt, fraudulent, coercive or collusive practice; and/or threatening, harassing or intimidating any party to prevent it from disclosing its knowledge of matters relevant to the investigation or from pursuing the investigation; or
 - (b) will cancel a proposal for award if it determines that the bidder recommended for award has, directly or through an agent, engaged in corrupt, fraudulent, collusive, coercive or obstructive practices in competing for the contract in question;
 - (c) will sanction a firm or individual, including declaring ineligible, either indefinitely or for a stated period of time, to be awarded a contract if it at any time determines that the firm has, directly or through an agent, engaged in corrupt, fraudulent, collusive, coercive or obstructive practices in competing for, or in executing, a contract; and
- 3.2 Furthermore, Bidders shall be aware of the provision stated in Sub-Clause 34.1 (a) (iii) of the General Conditions of Contract.

4. Eligible Bidders

- 4.1 Participation in the bidding procedure is open to all interested Bidders except:

- a. For those Bidders ruled out by sanctions issued by the UN Security Council.
 - b. If the Palestinian Authority prohibits commercial relations with the manufacturing entities or with their Countries.
- 4.2 A Bidder shall not have a conflict of interest. All bidders found to have conflict of interest shall be disqualified. Bidders may be considered to have a conflict of interest with one or more parties in this bidding process, if they:
- (a) are or have been associated in the past, with a firm or any of its affiliates which have been engaged by the MOEH to provide consulting services for the preparation of the design, specifications, and other documents to be used for the procurement of the goods to be purchased under these Bidding Documents ; or
 - (b) Submit more than one bid in this bidding process.
- 4.3 Bidders shall provide such evidence of their continued eligibility satisfactory to the (GSD), as the The (GSD) shall reasonably request.
- 5. Eligible Goods and Related Services**
- 5.1 All the Goods and Related Services to be supplied under the Contract may have their origin in any country except:
- (a) As a matter of law or official regulation, the Palestinian Authority prohibits commercial relations with that Country or with the manufacturing entities.
 - (b) by an Act of Compliance with a Decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations, the Palestinian Authority prohibits any import of goods from that Country or any payments to persons or entities in that Country.

B. Contents of Bidding Documents

- 6. Sections of Bidding**
- 6.1 The Bidding Documents consist of Parts 1, 2, and 3, which include all the Sections indicated below, and should be read in conjunction with any Addendum issued in accordance with ITB

Documents

Clause 8.

PART 1 Bidding Procedures

- Section I. Instructions to Bidders (ITB)
- Section II. Bidding Data Sheet (BDS)
- Section III. Evaluation and Qualification Criteria
- Section IV. Bidding Forms
- Section V. Eligible Countries

PART 2 Supply Requirements

- Section VI. Schedule of Requirements

PART 3 Contract

- Section VII. General Conditions of Contract (GCC)
- Section VIII. Special Conditions of Contract (SCC)
- Section IX. Contract Forms

6.2 The Bidder is expected to examine all instructions, forms, terms, and specifications in the Bidding Documents. Failure to furnish all information or documentation required by the Bidding Documents may result in the rejection of the bid.

7. Clarification of Bidding Documents

7.1 A prospective Bidder requiring any clarification of the Bidding Documents shall contact the (GSD) in writing at the (GSD)'s address **specified in the BDS**. The (GSD) will respond in writing to any request for clarification, provided that such request is received no later than ten (10) days prior to the deadline for submission of bids. The (GSD) shall forward copies of its response to all those who have acquired the Bidding Documents directly from it, including a description of the inquiry but without identifying its source.

7.2 Should the (GSD) deem it necessary to amend the Bidding Documents as a result of a clarification, it shall do so following the procedure under ITB Clause 8 and ITB Sub-Clause 24.3.

- 8. Amendment of Bidding Documents**
- 8.1 At any time prior to the deadline for submission of bids, the (GSD) may amend the Bidding Documents by issuing addendum.
- 8.2 Any addendum issued shall be part of the Bidding Documents and shall be communicated in writing to all who have obtained the Bidding Documents directly from the (GSD).
- 8.3 To give prospective Bidders reasonable time in which to take an addendum into account in preparing their bids, the (GSD) may, at its discretion, extend the deadline for the submission of bids, pursuant to ITB Sub-Clause 24.3

C. Preparation of Bids

- 9. Cost of Bidding**
- 9.1 The Bidder shall bear all costs associated with the preparation and submission of its bid, and the (GSD) shall not be responsible or liable for those costs, regardless of the conduct or outcome of the bidding process.
- 10. Language of Bid**
- 10.1 The Bid, as well as all correspondence and documents relating to the bid exchanged by the Bidder and the The (GSD), shall be written in the language **specified in the BDS**. Supporting documents and printed literature that are part of the Bid may be in another language provided they are accompanied by an accurate translation of the relevant passages into the language **specified in the BDS**, in which case, for purposes of interpretation of the Bid, such translation shall govern.
- 11. Documents Comprising the Bid**
- 11.1 The Bid shall comprise the following:
- (a) Dully signed Declaration of Undertaking furnished in Section IV.
 - (b) Bid Submission Form and the applicable Price Schedules, in accordance with ITB Clauses 12, 14, and 15;
 - (c) Bid Security in accordance with ITB Clause 21, if required;
 - (d) Written confirmation authorizing the signatory of the Bid to commit the Bidder, in accordance with ITB Clause 22;
 - (e) Documentary evidence in accordance with ITB Clause 16 establishing the Bidder's eligibility to bid;

- (f) Documentary evidence in accordance with ITB Clause 17, that the Goods and Related Services to be supplied by the Bidder are of eligible origin;
- (g) Documentary evidence in accordance with ITB Clauses 18 and 30, that the Goods and Related Services conform to the Bidding Documents;
- (h) Documentary evidence in accordance with ITB Clause 19 establishing the Bidder's qualifications to perform the contract if its bid is accepted; and
- (i) Any other document **required in the BDS.**

12. Bid Submission Form and Price Schedules

- 12.1 The Bidder shall submit the Bid Submission Form using the form furnished in Section IV, Bidding Forms. This form must be completed without any alterations to its format, and no substitutes shall be accepted. All blank spaces shall be filled in with the information requested.
- 12.2 The Bidder shall submit the Price Schedules for Goods and Related Services, according to their origin as appropriate, using the forms furnished in Section IV, Bidding Forms

13. Alternative Bids

- 13.1 Unless otherwise **specified in the BDS**, alternative bids shall not be considered.

14. Bid Prices and Discounts

- 14.1 The prices and discounts quoted by the Bidder in the Bid Submission Form and in the Price Schedules shall conform to the requirements specified below.
- 14.2 All lots items must be listed and priced separately in the Price Schedules.
- 14.3 The price to be quoted in the Bid Submission Form shall be the total price of the bid, excluding any discounts offered.
- 14.4 The Bidder shall quote any unconditional discounts in the Bid Submission Form and in the Price Schedule Form.
- 14.5 Unless stated otherwise in the bidding documents, the Contract shall be based on the unit rates and prices in the Bills of Quantities submitted by the bidder.
- 14.6 All duties, taxes, and other levies payable by the Supplier under the

Contract, or for any other cause, as of the date for submission of bids with the exception of Value Added Tax (VAT), shall be included in the rates and prices and the total Bid Price submitted by the bidder. The bid rates and prices shall also include all associated costs to be borne by the Supplier including all overheads and profits.

14.7 Prices quoted by the Bidder shall be fixed during the Bidder's performance of the Contract and not subject to variation on any account. A Bid submitted with an adjustable price quotation shall be treated as non-responsive and shall be rejected.

14.8 Bids are being invited for individual contracts (lots) or for any combination of contracts (packages). Prices quoted shall correspond to 100 % of the items specified for each lot and to 100% of the quantities specified for each item of a lot.

15. Currencies of Bid

15.1 The Bidder shall quote in the currency specified in the **BDS**.

16. Documents Establishing the Eligibility of the Bidder

16.1 To establish their eligibility in accordance with ITB Clause 4, Bidders shall complete the Bid Submission Form, included in Section IV, Bidding Forms.

17. Documents Establishing the Eligibility of the Goods and Related Services

17.1 To establish the eligibility of the Goods and Related Services in accordance with ITB Clause 5, Bidders shall complete the country of origin declarations in the Price Schedule Forms, included in Section IV, Bidding Forms.

18. Documents Establishing the Conformity of the Goods and Related Services

18.1 To establish the conformity of the Goods and Related Services to the Bidding Documents, the Bidder shall furnish as part of its Bid the documentary evidence that the Goods conform to the technical specifications and standards specified in Section VI, Schedule of Requirements.

18.2 The documentary evidence may be in the form of literature, drawings or data, and shall consist of a detailed item by item description of the essential technical and performance characteristics of the Goods and Related Services, demonstrating substantial responsiveness of the Goods and Related Services to

the technical specification, and if applicable, a statement of deviations and exceptions to the provisions of the Schedule of Requirements.

18.3 Standards for workmanship, process, material, and equipment, as well as references to brand names or catalogue numbers specified in the Schedule of Requirements, are intended to be descriptive only and not restrictive. The Bidder may offer other standards of quality, brand names, and/or catalogue numbers, provided that it demonstrates, to the MOEH's satisfaction, that the substitutions ensure substantial equivalence or are superior to those specified in the Schedule of Requirements.

**19. Documents
Establishing the
Qualifications
of the Bidder**

19.1 The documentary evidence of the Bidder's qualifications to perform the contract if its bid is accepted shall establish to the (GSD)'s satisfaction:

- (a) that, if **required in the BDS**, a Bidder that does not manufacture or produce the Goods it offers to supply shall submit the Manufacturer's Authorization using the form included in Section IV, Bidding Forms to demonstrate that it has been duly authorized by the manufacturer or producer of the Goods to supply these Goods in the Palestinian Territories;
- (b) that, in case of a Bidder not doing business within the Palestinian Territories, the Bidder is or will be (if awarded the contract) represented by an Agent in the State of Palestine equipped and able to carry out the Supplier's maintenance, repair and spare parts-stocking obligations prescribed in the Conditions of Contract and/or Technical Specifications; and
- (c) That the Bidder meets each of the qualification criterion specified in Section III, Evaluation and Qualification Criteria.

**20. Period of
Validity of Bids**

20.1 Bids shall remain valid for the period **specified in the BDS** after the bid submission deadline date prescribed by the GSD. A bid valid for a shorter period shall be rejected by the GSD as non-responsive.

20.2 In exceptional circumstances, prior to the expiration of the bid

validity period, the GSD may request bidders to extend the period of validity of their bids. The request and the responses shall be made in writing. If a Bid Security is requested in accordance with ITB Clause 21, it shall also be extended for a corresponding period. A Bidder may refuse the request without forfeiting its Bid Security. A Bidder granting the request shall not be required or permitted to modify its bid.

21. Bid Security

- 21.1 The Bidder shall furnish as part of its bid, a Bid Security as **specified in the BDS.**
- 21.2 The Bid Security shall be in the amount specified in the BDS and denominated in the currency of the Bid and shall:
- Be issued by a reputable institution selected by the bidder and located in any eligible country. If the institution issuing the Bid Security is located outside the Palestinian Territories, it shall have a correspondent financial institution located in the State of Palestine to make it enforceable. The Bid Security shall comply with the rules of the Palestinian Monetary Authority.
 - Be strictly in accordance with the form of Bid Security included in Section IV, Bidding Forms.
 - Be payable promptly upon written demand by the MOEH;
 - Be submitted in its original form; copies will not be accepted;
 - Remain valid for a period of 28 days beyond the validity period of the bids, as extended, if applicable, in accordance with ITB Clause 20.2;
- 21.3 Any bid not accompanied by a substantially responsive Bid Security shall be rejected by the GSD as non-responsive.
- 21.4 The Bid Security of unsuccessful Bidders shall be returned as promptly as possible upon the successful Bidder's furnishing of the Performance Security pursuant to ITB Clause 44.
- 21.5 The Bid Security may be forfeited or the Bid Securing

Declaration executed:

- (a) If a Bidder withdraws its bid during the period of bid validity specified in the Bidding Documents; or
- (b) If the successful Bidder fails to:
 - (i) Sign the Contract in accordance with ITB Clause 43;
 - (ii) Furnish a Performance Security in accordance with ITB Clause 44.

**22. Format and
Signing of Bid**

- 22.1 The Bidder shall prepare one original of the documents comprising the bid as described in ITB Clause 11 and clearly mark it "ORIGINAL." In addition, the Bidder shall submit copies of the bid, in the number specified in the **BDS** and clearly mark them "COPY." In the event of any discrepancy between the original and the copies, the original shall prevail.
- 22.2 The original and all copies of the bid shall be typed or written in indelible ink and shall be signed by a person duly authorized to sign on behalf of the Bidder.
- 22.3 Any interlineation, erasures, or overwriting shall be valid only if they are signed or initialed by the person signing the Bid.

D. Submission and Opening of Bids

23. Submission, Sealing and Marking of Bids

23.1 Bidders may submit their bids by mail or by hand (submission by E-mail is not allowed). Bidders submitting bids by mail or by hand, shall enclose the original and each copy of the Bid in separate sealed envelopes, duly marking the envelopes as “ORIGINAL” and “COPY.” These envelopes containing the original and the copies shall then be enclosed in one single envelope.

23.2 The inner and outer envelopes shall:

- (a) Bear the name and address of the Bidder;
- (b) Be addressed to the GSD in accordance with ITB Sub-Clause 24.1;
- (c) bear the specific identification of this bidding process indicated in ITB 1.1 and any additional identification marks as **specified in the BDS**; and
- (d) Bear a warning not to open before the time and date for bid opening, in accordance with ITB Sub-Clause 27.1.

23.3 If all envelopes are not sealed and marked as required, the GSD will assume no responsibility for the misplacement or premature opening of the bid.

24. Deadline for Submission of Bids

24.1 Bids must be received by the GSD at the address and no later than the date and time **specified in the BDS**.

24.2 If the Bidder choose to submit its bid by mail (submission by E-mail shall not be permitted), the GSD shall not bear any responsibility for any delay in submission.

24.3 The GSD may, at its discretion, extend the deadline for the submission of bids by amending the Bidding Documents in accordance with ITB Clause 8, in which case all rights and obligations of the GSD and Bidders previously subject to the deadline shall thereafter be subject to the deadline as extended.

25. Late Bids

25.1 The GSD shall not consider any bid that arrives after the deadline for submission of bids, in accordance with ITB Clause 24. Any bid received by the GSD after the deadline for submission of bids shall be declared late, rejected, and returned unopened to the

Bidder.

26. Withdrawal, Substitution, and Modification of Bids

- 26.1 A Bidder may withdraw, substitute, or modify its Bid after it has been submitted by sending a written notice in accordance with ITB Clause 23, duly signed by an authorized representative, and shall include a copy of the authorization (the power of attorney) in accordance with ITB Sub-Clause 22.2, (except that no copies of the withdrawal notice are required). The corresponding substitution or modification of the bid must accompany the respective written notice. All notices must be:
- (a) submitted in accordance with ITB Clauses 22 and 23 (except that withdrawal notices do not require copies), and in addition, the respective envelopes shall be clearly marked “WITHDRAWAL,” “SUBSTITUTION,” or “MODIFICATION;” and
 - (b) Received by the GSD prior to the deadline prescribed for submission of bids, in accordance with ITB Clause 24.
- 26.2 Bids requested to be withdrawn in accordance with ITB Sub-Clause 26.1 shall be returned unopened to the Bidders.
- 26.3 No bid may be withdrawn, substituted, or modified in the interval between the deadline for submission of bids and the expiration of the period of bid validity specified in the BDS or any extension thereof.

27. Bid Opening

- 27.1 The GSD shall conduct the bid opening in public at the address, date and time **specified in the BDS.**
- 27.2 First, envelopes marked “WITHDRAWAL” shall be opened and read out and the envelope with the corresponding bid shall not be opened, but returned to the Bidder. If the withdrawal envelope does not contain a copy of the “power of attorney” confirming the signature as a person duly authorized to sign on behalf of the Bidder, the corresponding bid will be opened. No bid withdrawal shall be permitted unless the corresponding withdrawal notice contains a valid authorization to request the withdrawal and is read out at bid opening. Next, envelopes marked “SUBSTITUTION” shall be opened and read out and exchanged with the corresponding Bid being substituted, and the substituted Bid shall not be opened, but returned to the Bidder. No Bid substitution shall be permitted unless the corresponding substitution notice contains a valid authorization to request the

substitution and is read out at bid opening. Envelopes marked “MODIFICATION” shall be opened and read out with the corresponding Bid. No Bid modification shall be permitted unless the corresponding modification notice contains a valid authorization to request the modification and is read out at Bid opening. Only envelopes that are opened and read out at Bid opening shall be considered further.

- 27.3 All other envelopes shall be opened one at a time, reading out: the name of the Bidder and whether there is a modification; the Bid Prices, including any discounts and alternative offers; the presence of a Bid Security and any other details as the GSD may consider appropriate. Only discounts and alternative offers read out at Bid opening shall be considered for evaluation. No Bid shall be rejected at Bid opening except for late bids, in accordance with ITB Sub-Clause 25.1.

E. Evaluation and Comparison of Bids

- 28. Confidentiality**
- 28.1 Information relating to the examination, evaluation, comparison, and post-qualification of bids, and recommendation of contract award, shall not be disclosed to bidders or any other persons not officially concerned with such process until publication of the Contract Award.
- 28.2 Any effort by a Bidder to influence the GSD in the examination, evaluation, comparison, and post qualification of the bids or contract award decisions may result in the rejection of its Bid.
- 28.3 Notwithstanding ITB Sub-Clause 28.2, from the time of bid opening to the time of Contract Award, if any Bidder wishes to contact the GSD on any matter related to the bidding process, it should do so in writing.
- 29. Clarification of Bids**
- 29.1 To assist in the examination, evaluation, comparison and post-qualification of the bids, the GSD may, at its discretion, ask any Bidder for a clarification of its Bid. Any clarification submitted by a Bidder in respect to its Bid and that is not in response to a request by the GSD shall not be considered. The GSD's request for clarification and the response shall be in writing. No change in the prices or substance of the Bid shall be sought, offered, or permitted, except to confirm the correction of arithmetic errors discovered by the GSD in the Evaluation of the bids, in accordance with ITB Clause 31.
- 30. Responsiveness of Bids**
- 30.1 The GSD's determination of a bid's responsiveness is to be based on the contents of the bid itself.
- 30.2 A substantially responsive Bid is one that conforms to all the terms, conditions, and specifications of the Bidding Documents without material deviation, reservation, or omission. A material deviation, reservation, or omission is one that:
- (a) Affects in any substantial way the scope, quality, or performance of the Goods and Related Services specified in the Contract; or
- (b) Limits in any substantial way, inconsistent with the Bidding Documents, the GSD's rights or the Bidder's obligations under the Contract; or

- (c) If rectified would unfairly affect the competitive position of other bidders presenting substantially responsive bids.
- 30.3 If a bid is not substantially responsive to the Bidding Documents, it shall be rejected by the GSD and may not subsequently be made responsive by the Bidder by correction of the material deviation, reservation, or omission.
- 31. Nonconformities, Errors, and Omissions**
- 31.1 Provided that a Bid is substantially responsive, the GSD may waive any non-conformities or omissions in the Bid that do not constitute a material deviation.
- 31.2 Provided that a bid is substantially responsive, the GSD may request that the Bidder submit the necessary information or documentation, within a reasonable period of time, to rectify nonmaterial nonconformities or omissions in the bid related to documentation requirements. Such omission shall not be related to any aspect of the price of the Bid. Failure of the Bidder to comply with the request may result in the rejection of its Bid.
- 31.3 Provided that the Bid is substantially responsive, the GSD shall correct arithmetical errors on the following basis:
- (a) if there is a discrepancy between the unit price and the line item total that is obtained by multiplying the unit price by the quantity, the unit price shall prevail and the line item total shall be corrected, unless in the opinion of the GSD there is an obvious misplacement of the decimal point in the unit price, in which case the line item total as quoted shall govern and the unit price shall be corrected;
- (b) if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; and
- (c) if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to (a) and (b) above.
- 31.4 If the Bidder that awarded the Bid or part of the Bid does not accept the correction of errors, its Bid shall be rejected and its Bid Security shall be forfeited proportionally.
- 32. Preliminary**
- 32.1 The GSD shall examine the bids to confirm that all documents

- Examination of Bids** and technical documentation requested in ITB Clause 11 have been provided, and to determine the completeness of each document submitted.
- 32.2 The GSD shall confirm that the following documents and information have been provided in the Bid. If any of these documents or information is missing, the offer shall be rejected.
- (a) Bid Submission Form, in accordance with ITB Sub-Clause 12.1;
 - (b) Price Schedules, in accordance with ITB Sub-Clause 12.2;
 - (c) Bid Security, in accordance with ITB Clause 21.
 - (d) The duly signed Declaration of Undertaking attached in Section IV “Bidding Forms”
- 33. Examination of Terms and Conditions; Technical Evaluation**
- 33.1 The GSD shall examine the Bid to confirm that all terms and conditions specified in the GCC and the SCC have been accepted by the Bidder without any material deviation or reservation.
- 33.2 The GSD shall evaluate the technical aspects of the Bid submitted in accordance with ITB Clause 18, to confirm that all requirements specified in Section VI, Schedule of Requirements of the Bidding Documents have been met without any material deviation or reservation.
- 33.3 If, after the examination of the terms and conditions and the technical evaluation, the GSD determines that the Bid is not substantially responsive in accordance with ITB Clause 30, it shall reject the Bid.
- 34. Conversion to Single Currency**
- 34.1 For evaluation and comparison purposes, the GSD shall convert all bid prices expressed in amounts in various currencies into an amount in a single currency **specified in the BDS**, using the selling exchange rates established by the source and on the date **specified in the BDS**.
- 35. Domestic Preference**
- 35.1 Domestic preference shall not be a factor in bid evaluation.
- 36. Evaluation of Bids**
- 36.1 The GSD shall evaluate each bid that has been determined, up to this stage of the evaluation, to be substantially responsive.

- 36.2 To evaluate a Bid, the GSD shall only use all the factors, methodologies and criteria defined in ITB Clause 36. No other criteria or methodology shall be permitted.
- 36.3 To evaluate a Bid, the GSD shall consider the following:
- (a) Evaluation will be done for Lots, as **specified in the BDS**; and the Bid Price as quoted in accordance with clause 14;
 - (b) Price adjustment for correction of arithmetic errors in accordance with ITB Sub-Clause 31.3;
 - (c) Price adjustment due to discounts offered in accordance with ITB Sub-Clause 14.4;
- 36.4 In order to verify quality of product for final award decision it is required to provide original samples at a later stage and prior to the award of the Contract.
- a. Samples of items shall be delivered to the GSD in Ramallah no later than ten (10) days of the GSD request.
 - b. Samples will be inspected and comments on defects will be submitted to Bidders for remedy.
 - c. Corrected samples shall be redelivered within ten (10) days from the receipt of the comments by the Bidder for final inspection.
 - d. Under no circumstances claims for transport from and back to the Supplier will be accepted by the Employer.
- 37. Comparison of Bids** 37.1 The GSD shall compare all substantially responsive bids.
- 38. Postqualification of the Bidder** 38.1 The GSD shall determine to its satisfaction whether the Bidder that is selected as having submitted the lowest evaluated and substantially responsive bid is qualified to perform the Contract satisfactorily.
- 38.2 The determination shall be based upon an examination of the documentary evidence of the Bidder's qualifications submitted

by the Bidder, pursuant to ITB Clause 19.

38.3 An affirmative determination shall be a prerequisite for award of the Contract to the Bidder. A negative determination shall result in disqualification of the bid, in which event the GSD shall proceed to the next lowest evaluated bid to make a similar determination of that Bidder's capabilities to perform satisfactorily.

39. GSD's Right to Accept Any Bid, and to Reject Any or All Bids

39.1 The GSD reserves the right to accept or reject any bid, and to annul the bidding process and reject all bids at any time prior to contract award, without thereby incurring any liability to Bidders.

F. Award of Contract

- 40. Award Criteria** 40.1 For each Lot, the GSD shall award the Contract to the Bidder whose offer has been determined to be the lowest evaluated bid for that Lot and is substantially responsive to the Bidding Documents, provided further that the Bidder is determined to be qualified to perform the Contract satisfactorily.
- 41. GSD's Right to Vary Quantities at Time of Award** 41.1 At the time the Contract is awarded, the GSD reserves the right to increase or decrease the quantity of Goods and Related Services originally specified in Section VI, Schedule of Requirements, provided this does not exceed the percentages **specified in the BDS**, and without any change in the unit prices or other terms and conditions of the bid and the Bidding Documents.
- 42. Notification of Award** 42.1 Prior to the expiration of the period of bid validity, the GSD shall notify the successful Bidder, in writing, that its Bid has been accepted.
- 42.2 Until a formal Contract is prepared and executed, the notification of award shall constitute a binding Contract.
- 42.3 Upon the successful Bidder's furnishing of the signed Contract Form and performance security pursuant to ITB Clause 44, the GSD will promptly notify each unsuccessful Bidder and will discharge its bid security, pursuant to ITB Clause 21.4.
- 43. Signing of Contract** 43.1 Within fourteen (14) days of receipt of the notification of award from the GSD, the successful Bidder(s) shall come to the GSD offices in Ramallah to sign the Contract Agreement.
- 44. Performance Security** 44.1 Within fourteen (14) days of the receipt of notification of award from the GSD, the successful Bidder shall furnish the Performance Security in accordance with the GCC, using for that purpose the Performance Security Form included in Section IX Contract forms. The GSD shall promptly notify the name of the winning Bidder(s) to each unsuccessful Bidder and discharge the Bid Securities of the unsuccessful bidders pursuant to ITB Sub-Clause 21.4.
- 44.2 Failure of the successful Bidder(s) to submit the above-mentioned Performance Security or sign the Contract shall

constitute sufficient grounds for the annulment of the award and forfeiture of the Bid Security. In that event the GSD may award the Contract to the next lowest evaluated Bidder, whose offer is substantially responsive and is determined by the GSD to be qualified to perform the Contract satisfactorily.

- 45. Reimbursements, Guarantee Or Similar Claimable Payments**
- 45.1 Any reimbursements, guarantee or similar claimable payments and any insurance payments shall be made to the Palestinian Ministry of Finance's Account Number (219000/49) in the Bank of Palestine, SWIFT Code PALSPS22.

F. Award of Contract	
ITB 41.1	The maximum percentage by which quantities may be increased is: 25% The maximum percentage by which quantities may be decreased is: 25%

Section III. Evaluation and Qualification Criteria

Contents

1. Post-qualification Requirements (ITB 38.2)

1. Post-qualification Requirements (ITB 38.2)

The GSD will carry out the post-qualification of the Bidder in accordance with ITB Clause 38, using only the requirements specified. For any Bidder to pass the post-qualification, he shall satisfy all the requirements listed below. If any of the listed requirements is not fulfilled the Bidder will be considered as unsuccessful and he will not be financially evaluated:

a. Local Bidders:

- The Bidder shall be legally registered with the Ministry of National Economy of the Palestinian Authority.
- The Bidder shall be registered for the purpose of taxation with the Ministry of Finance of the Palestinian Authority.
- The Bidder shall submit an approved financial report approved by an authorized legal auditor for the last three years evidencing the generation of profit. If the business life is less than three years then the report shall cover the business life.
- The Bidder shall have locally the following technical capacity requirements:

Item	Requirement
Automatic Thermal Painting Furnace	One Unit
Cutting Machines	Minimum Two
Bending Machines	Minimum Two
CO2 Welding Machine	Minimum Four
Storage Area	Minimum 400 m ²

Note: If the bidder does not have a painting furnace, he shall indicate the place where the painting shall take place. The place shall be inspected by the GSD to ensure the availability of the furnace.

b. International Bidders:

1. The Bidder shall have a legal address in the Palestinian Territories.

2. The Bidder shall be registered for purposes of taxation with the Ministry of Finance of the Palestinian Authority.
3. The Bidder shall have a legally registered Local Agent (The local agent shall not participate in the bid independently. If so happen both the International Bidder and the Local Agent will be disqualified).
4. Financial Capability

The Bidder shall furnish documentary evidence that it meets the following financial requirement(s):

- The Bidder shall submit an approved financial report for the last three years evidencing the generation of profit.
- Annual average turnover for the last five years not less than TWICE the value of his bid.

5. Experience and Technical Capacity

The Bidder shall furnish documentary evidence to demonstrate that it meets the following experience requirement(s):

- The Bidder shall be in the business for at least the last (5) continuous years.
- The Bidder shall have implemented at least (3) similar contracts over the past (5) years.

Delivery period

Delivery period shall not exceed the maximum delivery periods stated below.

Contract Value (\$)	Maximum Delivery period Working Days
600,000-and Above	140
300,000-599,999	120
150,000-299,999	90
50,000-149,999	75
20,000-49,999	45
Less than 20,000	30

Declaration of Undertaking

Tender number: MOEH-GSD/JFA.1,2,7.312235/2024/47

Tender Name: Manufacture and Supply school furniture for seven schools / West Bank.

Reference name of the Application/Offer/Contract: ("Contract")¹

To: ("Project Executing Agency")

1. We recognise and accept that JFA only finances projects of the Project Executing Agency ("PEA")² subject to its own conditions which are set out in the Funding Agreement it has entered into with the PEA. As a matter of consequence, no legal relationship exists between JFA and our company, our Joint Venture or our Subcontractors under the Contract. The PEA retains exclusive responsibility for the preparation and implementation of the Tender Process and the performance of the Contract.
2. We hereby certify that neither we nor any of our board members or legal representatives nor any other member of our Joint Venture including Subcontractors under the Contract are in any of the following situations:
 - 2.1) being bankrupt, wound up or ceasing our activities, having our activities administered by courts, having entered into receivership, reorganisation or being in any analogous situation;
 - 2.2) convicted by a final judgement or a final administrative decision or subject to financial sanctions by the United Nations, the European Union or Germany for involvement in a criminal organisation, money laundering, terrorist-related offences, child labour or trafficking in human beings; this criterion of exclusion is also applicable to legal Persons, whose majority of shares are held or factually controlled by natural or legal Persons which themselves are subject to such convictions or sanctions;
 - 2.3) having been convicted by a final court decision or a final administrative decision by a court, the European Union, national authorities in the Partner Country or in Germany for Sanctionable Practice in connection with a Tender Process or the performance of a Contract or for an irregularity affecting the EU's financial interests (in the event of

¹ Capitalised terms used, but not otherwise defined in this Declaration of Undertaking have the meaning given to such term in JFA "Guidelines for the Procurement of Consulting Services, Works, Plant, Goods and Non-Consulting Services in Financial Cooperation with Partner Countries".

² The PEA means the purchaser, the employer, the client, as the case may be, for the procurement of Consulting Services, Works, Plant, Goods or Non-Consulting Services.

- such a conviction, the Applicant or Bidder shall attach to this Declaration of Undertaking supporting information showing that this conviction is not relevant in the context of this Contract and that adequate compliance measures have been taken in reaction);
- 2.4) having been subject within the past five years to a Contract termination fully settled against us for significant or persistent failure to comply with our contractual obligations during such Contract performance, unless this termination was challenged and dispute resolution is still pending or has not confirmed a full settlement against us;
 - 2.5) not having fulfilled applicable fiscal obligations regarding payments of taxes either in the country where we are constituted or the PEA's country;
 - 2.6) being subject to an exclusion decision of the World Bank or any other multilateral development bank and being listed on the website <http://www.worldbank.org/debarr> or respectively on the relevant list of any other multilateral development bank (in the event of such exclusion, the Applicant or Bidder shall attach to this Declaration of Undertaking supporting information showing that this exclusion is not relevant in the context of this Contract and that adequate compliance measures have been taken in reaction); or
 - 2.7) being guilty of misrepresentation in supplying the information required as a condition of participation in the Tender.
3. We hereby certify that neither we, nor any of the members of our Joint Venture or any of our Subcontractors under the Contract are in any of the following situations of conflict of interest:
- 3.1) being an affiliate controlled by the PEA or a shareholder controlling the PEA, unless the stemming conflict of interest has been brought to the attention of JFA and resolved to its satisfaction;
 - 3.2) having a business or family relationship with a PEA's staff involved in the Tender Process or the supervision of the resulting Contract, unless the stemming conflict of interest has been brought to the attention of JFA and resolved to its satisfaction;
 - 3.3) being controlled by or controlling another Applicant or Bidder, or being under common control with another Applicant or Bidder, or receiving from or granting subsidies directly or indirectly to another Applicant or Bidder, having the same legal representative as another Applicant or Bidder, maintaining direct or indirect contacts with another Applicant or Bidder which allows us to have or give access to

- information contained in the respective Applications or Offers, influencing them or influencing decisions of the PEA;
- 3.4) being engaged in a Consulting Services activity, which, by its nature, may be in conflict with the assignments that we would carry out for the PEA;
- 3.5) in the case of procurement of Works, Plant or Goods:
- i. having prepared or having been associated with a Person who prepared specifications, drawings, calculations and other documentation to be used in the Tender Process of this Contract;
 - ii. having been recruited (or being proposed to be recruited) ourselves or any of our affiliates, to carry out works supervision or inspection for this Contract;
4. If we are a state-owned entity, and compete in a Tender Process, we certify that we have legal and financial autonomy and that we operate under commercial laws and regulations.
5. We undertake to bring to the attention of the PEA, which will inform JFA, any change in situation with regard to points 2 to 4 here above.
6. In the context of the Tender Process and performance of the corresponding Contract:
- 6.1) neither we nor any of the members of our Joint Venture nor any of our Subcontractors under the Contract have engaged or will engage in any Sanctionable Practice during the Tender Process and in the case of being awarded a Contract will engage in any Sanctionable Practice during the performance of the Contract;
 - 6.2) neither we nor any of the members of our Joint Venture or any of our Subcontractors under the Contract shall acquire or supply any equipment nor operate in any sectors under an embargo of the United Nations, the European Union or Germany; and
 - 6.3) we commit ourselves to complying with and ensuring that our Subcontractors and major suppliers under the Contract comply with international environmental and labour standards, consistent with laws and regulations applicable in the country of implementation of the Contract and the fundamental conventions of the International Labour Organisation³ (ILO) and international environmental treaties. Moreover, we

A. ³ In case ILO conventions have not been fully ratified or implemented in the Employer's country the Applicant/Bidder/Contractor shall, to the satisfaction of the Employer and KfW, propose and implement appropriate measures in the spirit of the said ILO conventions with respect to a) workers grievances on working conditions and terms of employment, b) child labour, c) forced labour, d) worker's organisations and e) non-discrimination.

shall implement environmental and social risks mitigation measures when specified in the relevant environmental and social management plans or other similar documents provided by the PEA and, in any case, implement measures to prevent sexual exploitation and abuse and gender based violence.

7. In the case of being awarded a Contract, we, as well as all members of our Joint Venture partners and Subcontractors under the Contract will, (i) upon request, provide information relating to the Tender Process and the performance of the Contract and (ii) permit the PEA and JFA or an agent appointed by either of them, and in the case of financing by the European Union also to European institutions having competence under European Union law, to inspect the respective accounts, records and documents, to permit on-the-spot checks and to ensure access to sites and the respective project.
8. In the case of being awarded a Contract, we, as well as all our Joint Venture partners and Subcontractors under the Contract undertake to preserve above mentioned records and documents in accordance with applicable law, but in any case for at least six years from the date of fulfillment or termination of the Contract. Our financial transactions and financial statements shall be subject to auditing procedures in accordance with applicable law. Furthermore, we accept that our data (including personal data) generated in connection with the preparation and implementation of the Tender Process and the performance of the Contract are stored and processed according to the applicable law by the PEA and JFA.

Bid Security Form

To: Ministry of Finance
Palestinian Authority

Date:.....

Contract Name: Manufacture and Supply school furniture for seven schools / West Bank
Contract No.: **MOEH-GSD/JFA.1,2,7.312235/2024/47**

Gentlemen and/or Ladies:

We, the undersigned (Guarantor), in order to enable to bid for **(Manufacture and supply school furniture for Seven schools / West Bank)** hereby irrevocably and independently guarantee to pay to you an amount up to a total of

(In words:)

Waiving all objections and defenses

We shall effect payments under this guarantee on your first written demand, which must be accompanied by your confirmation that you have accepted the above-mentioned bid and that the firm is no longer prepared to abide by this bid.

This guarantee shall expire not later than

By this date we must have received any claims by letter or encoded telecommunication.

It is understood that you will return this guarantee to us on expiry or after payment of the total amount to be claimed hereunder.

This guarantee is governed by the law of the Palestinian Authority.

.....
Place, date

Manufacturer's Authorization

[The Bidder shall require the Manufacturer to fill in this Form in accordance with the instructions indicated. This letter of authorization should be on the letterhead of the Manufacturer and should be signed by a person with the proper authority to sign documents that are binding on the Manufacturer. The Bidder shall include it in its bid, if so indicated in the **BDS.**]

Date: [insert date (as day, month and year) of Bid Submission]

ICB No.: [insert number of bidding process]

Alternative No.: [insert identification No if this is a Bid for an alternative]

To: [insert complete name of GSD]

WHEREAS

We [insert complete name of Manufacturer], who are official manufacturers of [insert type of goods manufactured], having factories at [insert full address of Manufacturer's factories], do hereby authorize [insert complete name of Bidder] to submit a bid the purpose of which is to provide the following Goods, manufactured by us [insert name and or brief description of the Goods], and to subsequently negotiate and sign the Contract.

We hereby extend our full guarantee and warranty in accordance with Clause 27 of the General Conditions of Contract, with respect to the Goods offered by the above firm.

Signed: [insert signature(s) of authorized representative(s) of the Manufacturer]

Name: [insert complete name(s) of authorized representative(s) of the Manufacturer]

Title: [insert title]

Dated on _____ day of _____, _____ [insert date of signing]

Student Desk 4

A. General

For 2 pupils.

B. Technical Specifications

Height, 64 cm
 Dimension of table board: 45 x 115 cm
 Thickness of table board: 17mm
 Dimension of metal tubes: 20 x 20 mm & 40 x 20 mm
 Thickness of metal sheets forming the metal tube: 1.25 mm
 Color of the surface of table board (Formica): grey (3130)

1. Metal framework

The metal frame shall be made from hollow metal profile tubes.
 Dimensions: 20 x 20 mm and 40 x 20 mm, thickness: 1.25 mm.
 All metal pieces shall be welded together properly, strongly and in conformity
 With regulations.
 CO2 welding shall be used.

Additional holes in the metal framework shall be made besides and equal in number to the existing holes to enable future maintenance.

All ends of the metal squares must be closed with black plastic covers.

Plastic heels are to be installed under the legs to elevate the iron parts from the ground and must be fixed with metal screws.

Two bag-holders should be fitted at each side of table.

2. Table board

The table board shall be made of precut plywood (SANDWICH), best quality.
 Thickness of table board shall be 17 mm, dimensions: 115 x 45 cm. It shall be covered with colored plastic FORMICA on both sides.

Top Formica thickness: 0.8mm. Color: grey (3130)

Bottom Formica thickness: 0.5mm. Color: white

The table board shall be belted using INJECTION POLYURETHANE THERMOSET.

The belt thickness must be (5- 8mm). Color: black

The table board shall be fixed on the metal framework using galvanized metalscrews, (3.5) cm.

Number of screws: 12. It should be fixed from the bottom.

-Raw materials should be flexible.

-The polyethylene materials should not be used due to harmful material.

-The materials that will be used for manufacturing are similar to these used Globally for manufacturing food containers, which means it is safe to be used

-The used dyes and raw materials should be free of any cancerous materials.

-Strength for the disk top should be high "not less than 250 kg".

3. Painting

- All metal shall be painted after applying anticorrosive treatment with at least three stages and cleaned from oil, grease, dust, and other dirt using special thermal control painting for metal furniture to form a layer of base painting of (iron phosphate) (0.4 – 0.8) gm/m².
 - Automatic spray painting shall be applied to be followed by a drying process in a thermal furnace with suitable temperature and time for the process.
 - Thickness of painting (60 – 80) micron.
 - (Aboxpolyster powder) paint should be used, color: Marengo No. 7016
- Painting of iron, assembly, delivery and storage must be carried out away from climatic influence i.e. sun, dust etc.

4. Marking of goods:

The supplier shall put his commercial mark on all supplied pieces of goods by stamp or by fixing a sticker properly –approved by the Ministry- on the bottom face of the goods, this mark shall contain the name of the factory, tender No. and the financial resource, in a clear and permanent manner and approved by Ministry.

5. Packing:

The supplied goods shall be backed by using special plastic sheets (with air babbles) to prevent scratching of paintings and surfaces of goods.

6. Inspections and tests:

The MEHE has the right to test sample of this item at specialized labs or institutions at the Palestinian Authority area or nearby countries, at the supplier's expenses before and /or after bid award.

Student Desk 5

A. General

For 2 pupils.

B. Technical Specifications

Height, 70 cm

Dimension of table board: 45 x 115 cm

Thickness of table board: 17mm

Dimension of metal tubes: 20 x 20 mm & 40 x 20 mm

Thickness of metal sheets forming the metal tube: 1.25 mm

Color of the surface of table board (Formica): beige (cream) (3231)

1. Metal framework

The metal frame shall be made from hollow metal profile tubes (profilstahl).

Dimensions: 20 x 20 mm and 40 x 20 mm, thickness: 1.25 mm.

All metal pieces shall be welded together properly, strongly and in conformity with regulations.

CO2 welding shall be used.

Additional holes in the metal framework shall be made besides and equal in number to the existing holes to enable future maintenance.

Student Chair 4

A. General

For 1 pupil

B. Technical Specifications

Height: 38 cm

Dimension of plastic seat: 33.5 x 34.5 cm

Dimension of plastic back: 19.5 x 34.5 cm

Plastic thickness: 5 - 8 mm

Plastic color: grey

Diameter of iron pipes: 22 mm, 10/20mm

Thickness of iron pipes: 1.5 mm, 1.25mm

Width of chair: 40 cm

Note: for plastic dimensions measured by cms (± 0.5) cm

1. Metal framework

The metal framework shall be made from metal pipes. Diameter: 22 mm, thickness 1.5 mm.

The lateral metal connections shall be made of elliptical profile 10/20 mm with a thickness of 1.25mm.

All ends of metal pipes should be closed with plastic covers.

Plastic heels are to be installed at the bottom of the chair's legs.

All metal pieces shall be welded together properly, strongly and in conformity with regulations.

CO2 welding shall be used

2. Chair back and seat

- (Samples are available for bidders, to manufacture plastic parts with same chemical composition, same hardness, shape and thickness)
- Chair back and seat shall be made out of reinforced plastic. Thickness: 5-8mm.
- The chair back shall be fixed by metal screw; length 1.5cm, required number: 4.
- It shall be fixed from the backside.
- The seat shall be fixed by metal screw; length: 1.5 cm required number: 4.
- Strength for the plastic material of chair parts shall be according to international standards for this product.
- High flexibility for shocks resistant according to international standards for this product.
- Safe material for human touching that does not contain any mercury, lead, or any other harming materials.
- Made of first class raw materials, non-recycled, and free of any cancerous materials.
- Resistant to direct sunlight for more than 4 years.

3. Painting

- All metal shall be painted after applying anticorrosive treatment with at least three stages and cleaned from oil, grease, dust, and other dirt using special thermal control painting for metal furniture to form a layer of base painting of (iron phosphate) (0.4 – 0.8) gm/m².
- Automatic spray painting shall be applied to be followed by a drying process in a thermal furnace with suitable temperature and time for the process.

- Thickness of painting (60 – 80) micron.

4. Marking of goods:

- a. The supplier shall put his commercial mark on all supplied pieces of goods by stamp or by fixing a sticker properly –approved by the Ministry- on the bottom face of the goods, this mark shall contain the name of the factory, tender No. and the financial resource, in a clear and permanent manner and approved by Ministry.
- b. Plastic parts of student and teacher chairs shall be marked thermally by sign (factory name) built in the template, approved by Ministry.

5. Packing:

The supplied goods shall be backed by using special plastic sheets (with air babbles) to prevent scratching of paintings and surfaces of goods.

6. Inspections and tests:

The MEHE has the right to test sample of this item at specialized labs or institutions at the Palestinian Authority area or nearby countries, at the supplier’s expenses before and /or after bid award.

Teacher Chair

A. General

In Classroom, and staff room use

B. Technical Specifications

Height: 46 cm

Dimension of plastic seat: 42 x 43 cm

Dimension of plastic back: 22 x 43 cm

Plastic thickness: 5 - 8 mm

Plastic color: grey.

Diameter of iron profile: (20x20) mm

Thickness of iron profile: 1.25mm

Note: for plastic dimensions measured by cms (± 0.5) cm

1. Metal framework

The metal framework shall be made from profile. Diameter: (20x20) mm, thickness 1.25 mm.

All ends of metal profile shall be closed with plastic covers.

Plastic heels are to be installed at the bottom of the chair's legs.

All metal frame work shall be welded together properly, strongly and in conformity with regulations.

CO2 welding shall be used

2. Chair back and seat

- (Samples are available for bidders, to manufacture plastic parts with same chemical composition, same hardness, shape and thickness)
- Chair back and seat shall be made out of reinforced plastic. Thickness: 5-8mm.
- The chair back shall be fixed by metal screw; length 3.5cm, required number: 2.
It shall be fixed from the backside.
- The seat shall be fixed by metal screw; length: 3.5 cm required number: 2.
- Strength for the plastic material of chair parts shall be according to international standards for this product.
- High flexibility for shocks resistant according to international standards for this product.
- Safe material for human touching that does not contain any mercury, lead, or any other harming materials.
- Made of first class raw materials, non-recycled, and free of any cancerous materials.
- Resistant to direct sunlight for more than 4 years.

3. Painting

- All metal shall be painted after applying anticorrosive treatment with atleast three stages and cleaned from oil, grease, dust, and other dirt using special thermal control painting for metal furniture to form a layer of base painting of (iron phosphate) (0.4 – 0.8) gm/m².
- Automatic spray painting shall be followed by a drying process in a thermal furnace with suitable temperature and time for the process.
- Thickness of painting (60 – 80) micron.
- (Aboxpolyster powder) paint should be used, color: Marengo No. 7016
Painting of iron, assembly, delivery and storage must be carried out away from climatic influence i.e. sun, dust etc.

4. Marking of goods:

- a. The supplier shall put his commercial mark on all supplied pieces of goods by stamp or by fixing a sticker properly –approved by the Ministry- on the bottom face of the goods, this mark shall contain the name of the factory, tender No. and the financial resource, in a clear and permanent manner and approved by Ministry.
- b. Plastic parts of student and teacher chairs shall be marked thermally by sign (factory name) built in the template, approved by Ministry.

5. Packing:

The supplied goods shall be backed by using special plastic sheets (with air babbles) to prevent scratching of paintings and surfaces of goods.

6. Inspections and tests:

The MEHE has the right to test sample of this item at specialized labs or institutions at the Palestinian Authority area or nearby countries, at the supplier’s expenses before and /or after bid award.

Computer Table (Student)

A. General

For student use

B. Technical Specifications

1. Metal Frame Work

The metal frame shall be made from hollow metal profile tubes.

Dimension: 20 x 20 mm and 40 x 20 mm, thickness: 1.25 mm.

All metal pieces shall be welded together properly, strongly and in conformity with regulations.

CO2 welding shall be used.

Additional holes in the metal framework shall be made besides and equal in number to the original holes to enable future maintenance.

All ends of the metal squares must be covered with black plastic covers.

Plastic heels are to be installed under the legs to elevate the metal frame from the ground and must be fixed with galvanized metal screws.

2. Table Board

The table board shall be made of precut plywood (SANDWICH), best quality.

Thickness of table board shall be 17 mm, dimensions: 110 x 54 cm. It shall be covered with colored plastic FORMICA on both sides.

Top Formica thickness: 0.8mm. Color: grey (3130)

Bottom Formica thickness: 0.5mm.

The table board shall be belted using INJECTION POLYURETHANE THERMOSET.

The belt thickness must be (5- 8mm). Color: black

The table board shall be fixed on the metal framework using galvanized metal screws, (3.5 cm).

Number of screws: 12. It should be fixed from the bottom.

-Raw materials should be flexible.

-The polyethylene materials should not be used due to harmful material.

-The materials that will be used for manufacturing are similar to these used Globally for manufacturing food containers, which means it is safe to be used.

-The used dyes and raw materials should be free of any cancerous materials.

-Strength for the disk top should be high "not less than 250 kg".

3. Painting

- All metal shall be painted after applying anticorrosive treatment with at least three stages and cleaned from oil, grease, dust, and other dirt using special thermal control painting for metal furniture to form a layer of base painting of (iron phosphate) (0.4 – 0.8) gm/m².

- Automatic spray painting shall be applied to be followed by a drying process in a thermal furnace with suitable temperature and time for the process.

- Thickness of painting (60 – 80) micron.

- (Epoxy polyester powder) paint should be used, color: Marengo No. 7016

Painting of iron, assembly, delivery and storage must be carried out away from climatic influence i.e. sun, dust etc.

4. Marking of goods:

The supplier shall put his commercial mark on all supplied pieces of goods by stamp or by fixing a sticker properly –approved by the Ministry- on the bottom face of the goods, this mark shall contain the supplier name, tender No. and the financial resource, in a clear and permanent manner and approved by Ministry.

5. Packing:

The supplied goods shall be backed by using special plastic sheets (with air babbles) to prevent scratching of paintings and surfaces of goods.

6. Inspections and tests:

The MEHE has the right to test sample of this item at specialized labs or institutions at the Palestinian Authority area or nearby countries, at the supplier's expenses before and /or after bid award.

Stoolchair

A. General

B. Technical Specifications

1. Chair Frame and Seat

Height: 60 cm.

Four-legged stool chair.

The legs shall be made of metal profile pipe 22 mm in diameter and 1.25 mm thick as shown on attached figure.

The chair shall have two rings made of metal profile pipes of 16 mm in diameter and 1.25 mm in thickness.

All metal parts shall be welded using CO2 continuous welding.

The seat shall have a disc-like shape, diameter 34 cm made of Natural Sweden wood 34 mm thick, painted with lacquer paint OR disk-like shape concave diameter 34 cm made out of reinforced plastic. Thickness 3-5mm, weight not less than 500gm

The seat shall be fixed to the metal framework by using galvanized metal screws, (3 cm).

Number of screws: 4.

Plastic heels are to be installed under the chair at the metal open ends.

2. Painting

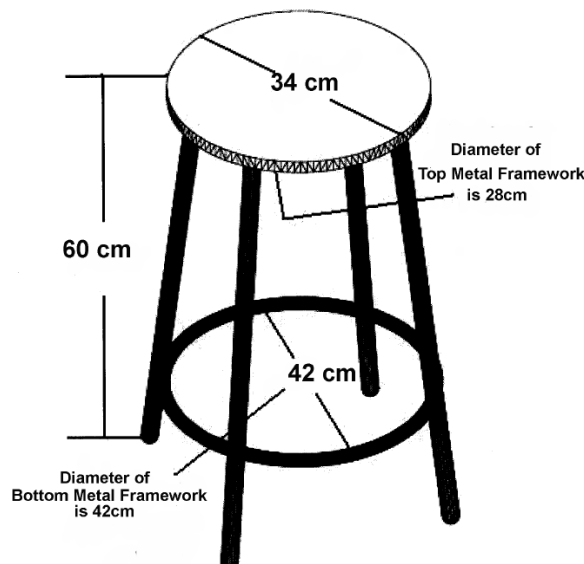

- All metal shall be painted after applying anticorrosive treatment with at least three stages and cleaned from oil, grease, dust, and other dirt using special thermal control painting for metal furniture to form a layer of base painting of (iron phosphate) (0.4 – 0.8) gm/m².
 - Automatic spray painting shall be applied to be followed by a drying process in a thermal furnace with suitable temperature and time for the process.
 - Thickness of painting (60 – 80) micron.
 - (Epoxy polyester powder) paint should be used, color: Marengo No. 7016
- Painting of iron, assembly, delivery and storage must be carried out away from climatic influence i.e. sun, dust etc.

4. Marking of goods:

- a. The supplier shall put his commercial mark on all supplied pieces of goods by stamp or by fixing a sticker properly –approved by the Ministry- on the bottom face of the goods, this mark shall contain the supplier name, tender No. and the financial resource, in a clear and permanent manner and approved by Ministry.

5. Packing:

The supplied goods shall be backed by using special plastic sheets (with air babbles) to prevent scratching of paintings and surfaces of goods.

Teacher Desk (in staffroom)

A. General

In staff room use

B. Technical Specifications

1. Metal framework

The metal framework shall be made from hollow squared steel profile tubes 25 x 25mm and 1.25 mm thick. A drawer made of metal sheet 0.8mm thick with two double side sheet and shall be installed with lock and Chromium coated handle.

Metal rails made of metal 1.25 mm thick with (metal ball bearings:) بيليا on both sides for the drawer to slide on.

A metal sheet cover 0.8 mm thick and width of 130 mm shall be installed around the level of the drawer.

The bottom edges of the metal frame shall be covered with plastic heels.

All metal pieces are to be welded together properly, strongly and in conformity with regulations.

CO2 welding shall be used. Plastic heels are to be installed under the legs to elevate the iron parts from the ground.

2. Table board

The table board shall be made of "sandwich" wood, best quality.

Thickness of plywood is 17 mm, dimensions: 100 x 60 cm.

It shall be covered with stretched laminated plastic sheets (Formica) 0.8 mm thick. Color: Gray (3130).

The table board shall be thickened by using strips of plywood (sandwich) wood 17 x 50 mm around the backside edges of the table's board.

Beech wood shall be used in belting the edges of the table board 15 mm thick and 34 mm wide.

The beech belt shall be fixed by using adhesives of best quality and after fixing of Formica to the board.

The beech belt shall be painted with three coats of lacquer paint in addition to a prime coat and to be fixed by using adhesive materials with no nailing.

The table board shall be fixed on the metal framework using galvanized metal screws. Number of screws: 10. Formica type is "MATT".

3. Painting

- All metal shall be painted after applying anticorrosive treatment with at least three stages and cleaned from oil, grease, dust, and other dirt using special thermal control painting for metal furniture to form a layer of base painting of (iron phosphate) (0.4 – 0.8) gm/m².

- Automatic spray painting shall be applied to be followed by a drying process in a thermal furnace with suitable temperature and time for the process.

- Thickness of painting (60 – 80) micron.

- (Aboxpolyster powder) paint should be used, color: Marengo No. 7016

Painting of iron, assembly, delivery and storage must be carried out away from climatic influence i.e. sun, dust etc.

4. Marking of goods:

a. The supplier shall put his commercial mark on all supplied pieces of goods by stamp or by fixing a sticker properly –approved by the Ministry- on the bottom face of the goods, this mark shall contain the name of the factory, tender No. and the financial resource, in a clear and permanent manner and approved by Ministry.

5. Packing:

The supplied goods shall be backed by using special plastic sheets (with air babbles) to prevent scratching of paintings and surfaces of goods.

Metal Cabinet (2 Doors)

A. General

B. Technical Specifications

1. Metal framework

The whole metal framework shall be made of metal sheets with a minimum thickness of 0.8 mm including the back of the cabinet and the internal shelves.

All metal pieces are to be welded together properly, strongly and in conformity with regulations, by using Co2andpoint welding.

Plastic heels shall be fixed at the bottom of the cabinet.

2. Dimensions

Length: 193 cm, Width: 90 cm, Depth: 43 cm.

3. Internal division

Four movable shelves shall be internally installed with four graduated supports.

4. Doors

Two doors for the cabinet shall be installed with properly movable hinge pillars all over the side length of the door.

The doors shall be reinforced in the middle with a metal sheet bar with a minimum width of 20 cm each door having ()

A cylindrical lock shall be installed made of chrome with triple closing directions (top, bottom, side).

5. Painting

- All metal shall be painted after applying anticorrosive treatment with at least three stages and cleaned from oil, grease, dust, and other dirt using special thermal control painting for metal furniture to form a layer of base painting of (iron phosphate) (0.4 – 0.8) gm/m².

- Automatic spray painting shall be applied to be followed by a drying process in a thermal furnace with suitable temperature and time for the process.

- Thickness of painting (60 – 80) micron.

- (Epoxy polyester powder) paint should be used, colour: beige (3010)

And brown (6418)

Painting of iron, assembly, delivery and storage must be carried out away from climatic influence i.e. sun, dust etc.

6. Marking of goods:

The supplier shall put his commercial mark on all supplied pieces of goods by stamp or by fixing a sticker properly –approved by the Ministry- on the bottom face of the goods, this mark shall contain the supplier name, tender No. and the financial resource, in a clear and permanent manner and approved by Ministry.

7. Packing:

The supplied goods shall be backed by using special plastic sheets (with air babbles) or special card board to prevent scratching of paintings and surfaces of goods.

Headmaster/Officer Desk

A. General

Dimensions: 150x70x75H

B. Technical Specifications

Shape dimensions as attached figure

Both sides of the desk, should be made of (MDF) of best quality and with thickness of 28 mm.

Top board of the desk (face) shall be made of (MDF) of best quality with thickness of 28 mm. with rounded as a 1/2 circle for two long edges, the four edges shall be painted with at least 3 layers of base and transparent lacquer paint, as shown on attached figure.

The front panel, drawers and the compartment should be made of (MDF) of best quality, thickness (17mm).

All parts of the desk shall be covered with a layer of melamine colour: Beech wood.

The desk shall contain a compartment unit at the left hand side and a drawer unit with three drawers at the right side.

Drawers and compartment made of pre-cut plywood (sandwich) thickness 17 mm best quality covered with a layer of melamine drawer base shall be fixed as shown in figure.

All edges should be covered by plastic belt, thickness (1.5-2mm), colour black.

Plastic heels shall be installed under the desk (quantity: 4) as shown on figure (sample is available at MOE).

Knobs of good quality shall be installed on the compartment and drawers in a way that allows for smooth opening and closing.

The side of the compartment shall be fixed with (hydraulic) chromium plated metal hinges (Yugoslavian type) of best quality. (2 hinges)

The top drawer and the compartment shall have cylindrical locks of best quality.

The drawers shall slide on steel rails 1.25 mm thick with (metal ball bearings:) بيليا to ensure smooth movement of the drawers.

All parts of the desk shall be assembled by using metal angles and galvanized metal screws, special for wooden furniture.

Type of locks for compartment and top drawers are from best quality approved by Ministry of Education.

C. Marking of goods:

mm

way

The supplier shall put his commercial mark on all supplied pieces of goods by stamp or by fixing a sticker properly –approved by the Ministry- on the bottom face of the goods, this mark shall contain the name of the factory, tender No. and the financial resource, in a clear and permanent manner and approved by Ministry.

D. Packing:

A-It should be backed unassembled using special cardboard for this type of furniture.

b-The supplier shall assemble the furniture at his expenses and responsibility, at the assigned places according to distribution table.

Metal File Cabinet (4 Drawers)

A. General

B. Technical Specifications

1. Metal framework

The metal framework shall be made of metal sheets 0.8 mm thick including the back.

All metal pieces are to be welded together properly, strongly and in conformity with regulations by using CO2 and point welding.

Plastic heels shall be installed at the bottom of the cabinet's legs.

A (U) shape horizontal divider between drawers is from metal sheets 0.8 mm thick shall be installed between drawers.

2. Dimensions

Length: 132.5 cm, Width: 46cm, Depth: 65 cm.

3. Internal division

Four drawers with the same size shall be installed with plastic rails and pulleys (Wheels) to ease opening and closing the drawers.

Each drawer shall have a plastic grip and a card index on the upper part.

A pressed lock shall be installed on the top to lock the cabinet.

Rails out of metal sheet shall be fixed on both sides; thickness: 1.25 mm for the drawers to slide on.

4. Painting

- All metal shall be painted after applying anticorrosive treatment with at least three stages and cleaned from oil, grease, dust, and other dirt using special thermal control painting for metal furniture to form a layer of base painting of (iron phosphate) (0.4 – 0.8) gm/m².
- Automatic spray painting shall be applied to be followed by a drying process in a thermal furnace with suitable temperature and time for the process.
- Thickness of painting (60 – 80) micron.
- (Epoxy polyester powder) paint should be used, colour :beigeميزر (3010) and brown ميزر (6418)

Painting of iron, assembly, delivery and storage must be carried out away from climatic influence i.e. sun, dust etc.

5. Marking of goods:

The supplier shall put his commercial mark on all supplied pieces of goods by stamp or by fixing a sticker properly –approved by the Ministry- on the bottom face of the goods, this mark shall contain the supplier name, tender No. and the financial resource, in a clear and permanent manner and approved by Ministry.

5. Packing:

The supplied goods shall be backed by using special plastic sheets or special card board to prevent scratching of paintings and surfaces of goods.

Metal File Cabinet (4 Drawers)

Metal Cabinet (12 Doors)

A. General

1. Metal framework

The whole metal framework shall be made of metal sheets with a minimum thickness of 0.8 mm including the back of the cabinet and the internal shelves.

All metal pieces are to be welded together properly, strongly and in conformity with regulations, using Co2 and point welding.

Plastic heels shall be fixed at the bottom of the cabinet.

2. Dimensions

Length: 193 cm, Width: 90 cm, Depth: 43 cm.

3. Internal division

The cabinet shall be divided into 12 compartments as shown on the attached figure.

Two longitudinal metal partitions 0.8 mm thick shall be installed along the cabinet with a distance of 26 cm between them

Compartments shall be separated by installing 9 fixed shelves 0.8 mm thick inside the cabinet.

4. Doors

Twelve doors for the cabinet shall be installed with properly movable hinge pillars all over the side length of the door.

A cylindrical lock shall be installed to each door made of high quality to lock the door properly.

5. Painting

- All metal shall be painted after applying anticorrosive treatment with at least three stages and cleaned from oil, grease, dust, and other dirt using special thermal control painting for metal furniture to form a layer of base painting of (iron phosphate) (0.4 – 0.8) gm/m².

- Automatic spray painting shall be applied to be followed by a drying process in a thermal furnace with suitable temperature and time for the process.

- Thickness of painting (60 – 80) micron.

- (Epoxy polyester powder) paint should be used, colour: beige(3010) and brown(6418)

Reading Table

A. General

H=76 cm

B. Technical Specifications

1. Metal framework

The metal framework shall be made from square steel profile tubes 30 x 30 mm and 40 x 40 mm and 2 mm thick.

The bottom edge of the metal frame shall be covered with plastic heels.

All metal pieces are to be welded together properly, strongly and in conformity with regulations.

CO2 welding shall be used.

Ten angles (20/20) mm. (5cm length) shall be fixed on top of framework to fix the table board.

Plastic heels are to be installed under the legs to elevate the iron parts from the ground.

2. Table board

The table board shall be made of plywood "sandwich" board, best quality.

Thickness of plywood is 17 mm. Dimensions: 180X80 cm

It shall be covered with stretched laminated plastic sheet (Formica MATT) 0.8 mm thick. Colorgray (3130).

The table board shall be thickened by using strips of plywood (sandwich) wood 17 x 50 mm around the backside edges of the table's board.

Beech wood shall be used in belting the edges of the table board 15 mm thick and 34 mm wide.

The beech belt shall be painted with three coats of lacquer paint in addition to prime coat and to be fixed by using adhesive materials with no nailing. Fixing of the beech belt shall be done after the lamination with the plastic sheets.

The table board shall be fixed on the metal framework using metal screws (1.5cm).

3. Painting

- All metal shall be painted after applying anticorrosive treatment with at least three stages and cleaned from oil, grease, dust, and other dirt using special thermal control painting for metal furniture to form a layer of base painting of (iron phosphate) (0.4 – 0.8) gm/m².

- Automatic spray painting shall be applied to be followed by a drying process in a thermal furnace with suitable temperature and time for the process.

- Thickness of painting (60 – 80) micron.

- (Epoxy polyester powder) paint should be used, color: Marengo No. 7016

Painting of iron, assembly, delivery and storage must be carried out away from climatic influence i.e. sun, dust etc.

4. Marking of goods:

a. The supplier shall put his commercial mark on all supplied pieces of goods by stamp or by fixing a sticker properly –approved by the Ministry- on the bottom face of the goods, this mark shall contain the supplier name, tender No. and the financial resource, in a clear and permanent manner and approved by Ministry.

B. Technical Specifications

- The bookshelves shall be made of plywood (sandwich board) with a minimum thickness of 17 mm, best quality.
The back shall be covered with a plate made of mosonite wood 5 mm thick, color: white. and shall be assembled by using galvanized metal screws (2 cm), special for wooden furniture.
- The shelves which are made of plywood shall be fixed using metal angles or special clamps (مجايد) and galvanized screws.
- Distance between shelves shall be equal.
- The wooden parts shall be covered with stretched laminating plastic sheet (Formica) 0.8 mm thick, best quality. Colour: grey (3130).
- All edges should be covered by hardened plastic belt thickness (1.5-2mm) colour: black.
- The back shall be fixed using metal screws 1.5 cm long.
- Plastic heels are to be installed under the legs to elevate the wooden parts from the ground.
- Dimensions: Length; 200 cm, Width; 90 cm, Depth 30 cm.

C. Marking of goods:

The supplier shall put his commercial mark on all supplied pieces of goods by stamp or by fixing a sticker properly –approved by the Ministry- on the bottom face of the goods, this mark shall contain the supplier name, tender No. and the financial resource, in a clear and permanent manner and approved by Ministry.

D. Packing:

The supplied goods shall be backed by using special plastic sheets to prevent scratching of paintings and surfaces of goods.

Headmaster / Officer Chair

A. General

For 1 person

B. Technical Specifications

1. Metal framework

A swivel chair with 5 rolling wheels.

Adjustable armrest shall be made of reinforced plastic and covered with rubber.

The seat shall be connected to the base by a chromium rod not less than 30 cm long and 5 cm in diameter.

2. Chair back

Made of special material (plastic) for chair back to be comfortable.

Special, good quality net type cloth shall be used for covering the chair back.

The color shall be black.

Provided with adjustable cushion especially for chair back to be comfortable and adjustable a neck rest at the top of chair back.

3. Chair seat

Shall be made of pre-cut wood (sandwich) (15mm thickness) grade A.

Shall be upholstered using sponge (5cm thickness) strong pressure type.

Covered with special good quality of cloth (black color).

Provided with special nuts fixed in wooden seat to fix it with metal framework (propeller) chair back.

A device (propeller) shall be installed at to control the inclination process forwards and backwards and a jack for elevation adjustment.

4. Marking of goods:

The supplier shall put his commercial mark on all supplied pieces of goods by stamp or by fixing a sticker properly –approved by the Ministry- on the bottom face of the goods, this mark shall contain the name of the factory, tender No. and the financial resource, in a clear and permanent manner and approved by Ministry.

5. Packing:

A-It should be backed unassembled using special cardboard for this type of furniture.

b-The supplier shall assemble the furniture at his expenses and responsibility, at the assigned places according to distribution table.

Headmaster / Officer Chair

Multipurpose Chair

A. General

B. Technical Specifications

1. Metal framework

The metal framework shall be made from iron pipes painted by using electrostatic process.

Diameter: 25 mm, thickness: 2 mm.

Bending: as shown in the figure.

The metal ends shall be covered with plastic covers.

Plastic heels are to be installed under the chair.

2. Chair back and seat

Seat measurement: 50 x 45 cm approx.

Chair back measurements 50 x 22 cm approx.

The back and the seat shall be made of plywood (sandwich) with a minimum thickness of 17 mm, best quality.

The chair back and seat shall be upholstered press sponge (33/35).

The thickness of sponge for the chair back should not be less than 4 cm and for the seat 6 cm.

Special, good quality cloth shall be used for covering the chair back and seat.

The chair' seat and back shall be fixed using metal screws. Number of screws: 8.

3. Painting

- All metal shall be painted after applying anticorrosive treatment with at least three stages and cleaned from oil, grease, dust, and other dirt using special thermal control painting for metal furniture to form a layer of base painting of (iron phosphate) (0.4 – 0.8) gm/m².

- Automatic spray painting shall be applied to be followed by a drying process in a thermal furnace with suitable temperature and time for the process.

- Thickness of painting (60 – 80) micron.

- (Aboxpolyster powder) paint should be used, color: black

Painting of iron, assembly, delivery and storage must be carried out away from climatic influence i.e. sun, dust etc.

4. Marking of goods:

The supplier shall put his commercial mark on all supplied pieces of goods by stamp or by fixing a sticker properly –approved by the Ministry- on the bottom face of the goods, this mark shall contain the name of the factory, tender No. and the financial resource, in a clear and permanent manner and approved by Ministry.

5. Packing:

The supplied goods shall be backed by using special plastic sheets to prevent scratching of paintings and surfaces of goods.

Student Desk /Resource room

A. General

For 1 pupil.

B. Technical Specifications

As shown by attached figure

1. Metal framework

Adjustable hight

- The metal frame shall be made from square steel profile tubes.
25 x 25 mm and 30 x 30 mm, thickness: 1.25 mm.
- All metal pieces shall be welded together properly, strongly and in conformity with regulations.
CO2 welding shall be used.
- Four angles (25*25) mm. (5cm length) shall be fixed on top of framework to fix the wooden box.
- The framework shall be provided by two screws with handles to adjust the height smoothly and firmly.
- All ends of the metal squares must be covered with black plastic covers.
- Plastic heels are to be installed under the legs to elevate the iron parts from the ground.

2. TablewoodBox

- The table box shall be made of precut plywood (SANDWICH), best quality, thickness 17 mm, Dimensions: 56 x 46x10cm. It shall be covered with coloured plastic FORMICA on both sides.
- Top Formica thickness: 0.8mm. Color: blue.
- All edges of shell be covered with plastic belt, thickness (2mm).
- The box shall have top door fixed with 2 chromium plated metal hinges (Yugoslavian) of best quality and 2 jacks to help keep the top door. Open (as shown by figure).
- The top door shall be made of (MDF) and the edges of top door shall be rounded as a quarter circle and painted to be smooth as needed.
- The table box shall be fixed on the metal framework using galvanized metal screws, number (8), length (2) cm, and the installation process is done from the bottom.

3. Painting

- All metal shall be painted after applying anticorrosive treatment with at least three stages and cleaned from oil, grease, dust, and other dirt using special thermal control painting for metal furniture to form a layer of base painting of (iron phosphate) (0.4 – 0.8) gm/m².
- Automatic spray painting shall be applied to be followed by a drying process in a thermal furnace with suitable temperature and time for the process.
- Thickness of painting (60 – 80) micron.

- (Box polyester powder) paint should be used, color: blue 5007

Painting of iron, assembly, delivery and storage must be carried out away from climatic influence i.e. sun, dust etc.

4. Marking of goods:

The supplier shall put his commercial mark on all supplied pieces of goods by stamp or by fixing a sticker properly –approved by the Ministry- on the bottom face of the goods, this mark shall contain the name of the factory, tender No. and the financial resource, in a clear and permanent manner and approved by Ministry.

5. Packing:

The supplied goods shall be backed by using special plastic sheets (with air babbles) to prevent scratching of paintings and surfaces of goods.

6. Inspections and tests:

The MEHE has the right to test sample of this item at specialized labs or institutions at the Palestinian Authority area or nearby countries, at the supplier’s expenses before and /or after bid award.

Curtain for patient

Dimensions: 180*170 cm

Technical Specifications

1. Metal Framework:

- As shown on attached figure.
- Three metal frames, made of profile (25*25 mm), (1.25mm) thickness.
- The dimensions of the frame to be 140*60cm.
- Right & left frame on high-quality wheels.
- The middle frame shall have a base (as shown) (50*30) cm. plastic heels are to be installed under the legs to elevate the metal parts from the ground.
- All metal pieces shall be welded together properly, strongly and in conformity with regulations.
- CO2 welding shall be used.

2. The panel

- 3panels, made at white cloth.
- Easy to set up and dismantle for storage.
- Washable.
- Fixed to frames by spring rope with 4 screws for each frame.
- The color of the cloth to be white.

3. Painting

- All metal shall be painted after applying anticorrosive treatment with at least three stages and cleaned from oil, grease, dust, and other dirt using special thermal control painting for metal furniture to form a layer of base painting of (iron phosphate) (0.4 – 0.8) gm/m².
- Automatic spray painting shall be applied to be followed by a drying process in a thermal furnace with suitable temperature and time for the process.
- Thickness of painting (60 – 80) micron.
- (Epoxy polyester powder) paint should be used, color: white.
- Painting of iron, assembly, delivery and storage must be carried out away from climatic influence i.e. sun, dust etc.
